

15 September 1948

25X1

This is written in answer to your letter of 31 August 1948 concerning the possibility of your reassignment as an English Monitor at the Washington office of this branch.

I am sorry to hear of your father's illness which created the necessity for your return to the U. S. A. Your excellent record in the past makes the continuation of your employment by this branch desirable. I have therefore checked the possibility of your transfer to Washington with the appropriate branches of the Agency and it has been determined that your transfer may be made under the following condition. You will not be reimbursed for the cost of your return trip from Kmai to the U. S.

If the above condition meets with your approval you are requested to notify this office at once, and to report for duty at the earliest possible date. We will notify  of action taken.

25X1

Yours sincerely,

Concur

Chief, Personnel Branch
